5. Note to the candidates proposed on the shortlist

- Please make sure that your application documents are complete.
- Shortlisted candidates must bear in mind that **withdrawals have a serious impact on the selection procedure** as well as on the smooth running of the Programme itself.
- Furthermore, having been selected implies that other candidates have not been able to participate in the Programme due to the limited number of vacancies.
- It is therefore expected that all candidates give considerate thought to their application and the necessary commitment until the final selection has taken place.
